Benefits for mentor

All information in one place –
effective organization of the
mentoring process

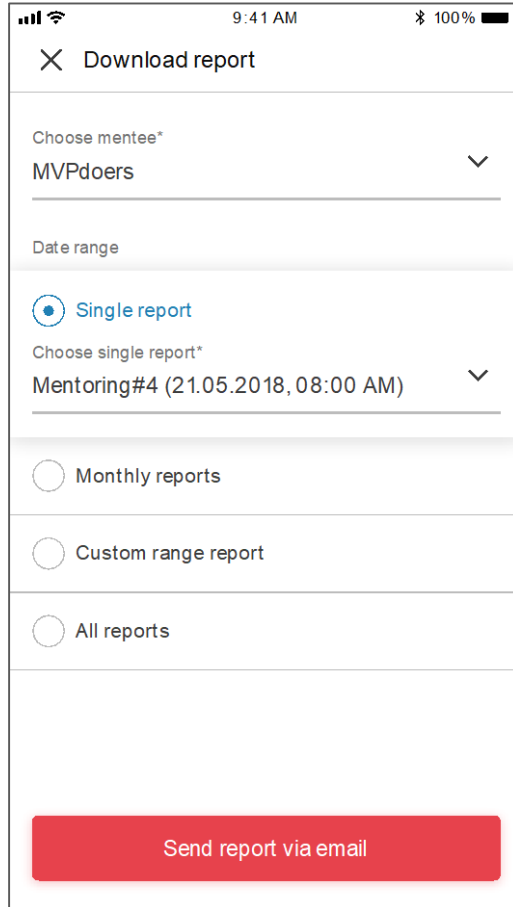

Communication with EWE
organizations (EWE mentor's library)
– always updated

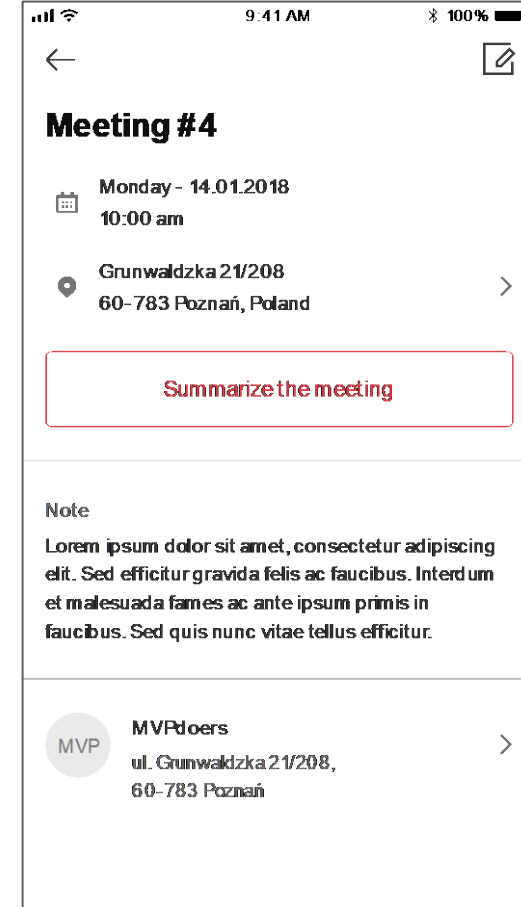

Storing the data of mentee – easy access to mentee data (history of mentoring's) – better preparation to the meetings

Easy reporting process - final mentoring report can be uploaded to Redmine (data storing system)

Automatic report generation
of travel expenses

Calendar of mentoring meetings
and EWE events with alert

Benefits for FFR managing mentorings organization

All information in one place – effective organization of the mentoring processes

Communication with mentors – always updated

Possibility to see the status of mentoring processes

Easy reporting process

Automatic report generation of travel expenses - on time and properly done

Calendar of mentoring meetings and EWE events with alert

Current availability of mentors

Benefits for PARP data base keeping organization

All information in one place – effective organization of the mentoring processes

Communication with mentors – always updated

Easy reporting process without involving the PARP employee to each reporting activity (the Redmine is difficult and unfriendly system for mentors)
